

# AUGHTON AUTOMATION

CONTROL INSTRUMENTATION, ELECTRICAL, MECHANICAL & CIVIL ENGINEERS

## Integrated Management System

### Policy Statement

#### ISO 9001:2015, 14001:2015, 45001:2018

Aughton Automation is fully committed to the manufacturing and supplying sustainable quality services such as design, consultancy, installation, project management and all other associated services in an injury-free, safe, secure and responsible manner with minimum impact on the environment and minimal risk of pollution. In order to achieve this, the company has implemented and Integrated Management System (IMS) that:

- Complies with all relevant Aughton Automation directness
- Unities its third-party certifications in Quality (ISO 9001), Environment (ISO 14001) and Health and Safety (45001)

To ensure that the IMS achieves its intended results, the company has established the following objectives:

1. To ensure that all relevant legal requirements as well as Aughton Automation requirements for certification to ISO 9001, ISO 14001 and ISO 45001 are met
2. To provide a robust framework for the co-ordinated planning, implementation and review of the commitments and objectives set out within the company's individual policies for quality, environmental and health and safety
3. To rationalise management systems documentation and the duplication of efforts and resources required to satisfy identified relevant common ISO standards elements e.g. auditing, management review meetings and document control

Aughton Automation is fully committed to achieving these objectives through the continual improvement of its IMS and by clearly identifying, controlling, monitoring and measuring the potential risk to our business.

Aughton Automation is committed to providing a safe healthy working environment and conditions with a view to eliminating hazards and reducing risks so far as is reasonably practicable with the participation and consultation of workers and its representatives, furthermore will aim to prevent work related injury and ill health by identifying any specific risks and opportunities within the company

The company shall ensure that this policy is understood by all of its staff and made freely available to all interested parties / stakeholders.

This policy shall be reviewed on an annual basis, or whenever significant changes are made to the IMS.

Brian Duffy  
Managing Director  
Aughton Automation
